

On September 21st, 22nd and 23rd as a part of the Navy's Fleetweek Celebration at North Island Naval Air Station on Coronado Island, Stock Car Race Series will be holding our 2nd Annual SCRS Military Pit Crew Challenge with military personnel from the Navy and Marines competing for the fastest pit stop as patterned after NASCAR's Pit Crew Challenge held every year in Charlotte as part of the All Star Race Weekend.

This was a fun event to watch last year as two military teams competed in a pit crew challenge NASCAR style finals with two NASCAR Toyota Camry's, changing tires and filling with fuel (water) then pushing it across the finish line with Boris Said starting the event with an air horn and there watching the whole event. The 15th annual Fleet Week Coronado Speed Festival — "The Race at the Base" — is looking forward to a great year. Join thousands of race enthusiasts and fans in this premier motorsports event saluting our nation's military.

We will have 16 teams comprised of 10 members per team with one alternate per team. They will practice all week prior to the eliminations and hone their skills at changing four tires and fill the gas tank and then push the car across the finish line without any penalties. These teams take this very serious and each team is very determined to be the best and take the trophy and bragging rights. Last year the finals came down to the helicopter mechanics from Camp Pendleton competing against the helicopter mechanics from North Island. The Navy was determined the Marines were not taking the trophy and bragging rights off North Island and back to Camp Pendleton. Each team shaved 4 seconds off their respective times from Saturday to Sunday and finished just inches apart. The Navy team was successful in retaining the trophy on their home base. I am sure that Camp Pendleton will be out for revenge this year.

Of course, all of this fun for the military comes at a great expense to bring all the authentic NASCAR equipment to the base. If you are interested in helping out as a sponsor attached is an overview of the event. Please check out the video on You tube at: military pit crew challenge Coronado.
