

Coronado Speed Festival Race September 24th-26th, 2010

Dear SCRS members:

I was at Coronado this year. And had a great time. An awesome event. I was there for all 3 days shooting everything I can.

I pretty much shot an average of at least 30 pictures of each car in Group 8. I was mainly in turn 9 shooting into turn 8. With several different backgrounds. I will be posting pretty much all the guys and gals in my Vintage NASCAR page Coronado 2010. This file will be of all the cars and drivers with most of the pictures to offer. And post a gallery in HMSA Coronado 2010. A total of about 50 pictures all together. Visit www.jrracingphotos.com I am doing an article on the Coronado event.

The article will be posted in: www.speedwaymotorsports.com
